## Education

University Of Mumbai	03/2025 – Present
Bachelor of Science in Information Technology	CGPA : 7.45
Modern English Medium School, Murbad	04/2019 – 03/2020
Class X	Percentage : 81.5

## Relevant Coursework

- Operating Systems
- Full-Stack Web Development
- Computer Networks
- Data Structure & Algorithm
- OOPS
- Embedded System

## Skills

<b>Programming Languages</b>	: Proficient -> Java , JavaScript, Familiar with -> python.
<b>Frameworks &amp; Technologies</b>	: TCP/IP, Cloud Computing, Node.js, React.js, Express.js, MongoDB, Firebase,Tailwind Css,
<b>Developer Tools &amp; Platforms</b>	: GitHub, Git
<b>Others</b>	: problem Solving, Data Structure and Algorithm

## Experience

SMAK TECH Pvt. Ltd.	01/2025 – Present
Full Stack Developer Intern	Mumabi, Maharashtra
<ul style="list-style-type: none"><li>• Developed and maintained web applications (frontend &amp; backend).</li><li>• Built responsive UIs with React.js, HTML, CSS, and JavaScript.</li><li>• Optimized website performance, reducing load times by 30% through code-splitting and lazy loading.</li><li>• Created and optimized REST APIs using Node.js and Express.js.</li><li>• Integrated databases (MongoDB/MySQL) for efficient data management</li><li>• Collaborated with designers and backend developers to implement seamless UI/UX enhancements.</li></ul>	

## Pro jects

ConnectHub - Video Conferncing App	MERN Stack, WebRTC , Socket.io	07/2024
<ul style="list-style-type: none"><li>• Built a full-stack real-time video conferencing app using the MERN stack (MongoDB, Express.js, React.js, Node.js).</li><li>• Implemented WebRTC and Socket.io for high-quality video/audio calls, screen sharing, and real-time chat.</li><li>• Designed a clean and responsive UI using Vanilla CSS, ensuring a smooth user experience across devices.</li><li>• Optimized backend performance, enabling scalable real-time communication.</li><li>• Developed secure authentication and user management.</li></ul>		
Wanderlust – Travel Stay Booking Platform	HTML, EJS, MongoDB, Node.js, and Express.js.	04/2024
<ul style="list-style-type: none"><li>• Developed a full-stack booking platform inspired by Airbnb using HTML, EJS, MongoDB, Node.js, and Express.js.</li><li>• Implemented user authentication and authorization with Passport.js, enabling secure login, signup, and session management.</li><li>• Designed dynamic pages using EJS templating, ensuring a seamless user experience.</li><li>• Built CRUD functionality for users to create, edit, and manage property listings with image uploads.</li><li>• Optimized backend with MongoDB Atlas for efficient data storage and retrieval.</li><li>• Deployed the application using Heroku/Render for backend and Cloudinary for image hosting.</li></ul>		
Personal Portfolio Website	HTML , Css And JavaScript	01/2024
<ul style="list-style-type: none"><li>• Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript.</li><li>• Created a mobile-first design, ensuring an optimal experience across all devices.</li><li>• Developed a custom JavaScript navigation menu for improved usability.</li><li>• Optimized website performance with lazy loading and minified assets for faster load times.</li><li>• Deployed the website using GitHub Pages/Vercel/Netlify for seamless accessibility.</li></ul>		

## Certifications

- MERN Stack and Java Developer with DSA – Certified by Apna College.
- Completed Software Engineering Job Simulation – Accenture, Forage.
- Certified Software Engineer Intern – HackerRank (Dec 2024).
